

New Ornamental, Specimen, Feathered Trees & Fruit Collection

We are pleased to be increasing our range of specimen and feathered trees for both native and ornamental species. Please call us for availability as not all species are available through our website shop at the moment.

If you buy more than 25 trees across the range you will qualify for the wholesale 25+ rate.

Apples on M9

Ashmead Kernel, Oaken Pin, Ribston Pippin, Tidcombe Seedling, William Crump

Apples on M25

Much of the range is available on M25, particularly Cider varieties

Designed for use with all bare rooted hedges and trees, Empathy **rootgrow™ GEL** is supplied in granules and gel and is suitable for use by gardeners and professional landscapers alike.

How to use **rootgrow™ GEL** for bare rooted plants:

1. Take a large bucket and fill with water as directed.
2. Sprinkle the contents of the sachet of white gel powder into the water and stir well.
3. Leave for 5 minutes then add the **rootgrow™** granules and stir. The granules should be suspended evenly through the thick liquid.
4. Dip the roots of the plants in this gel and allow coverage of the whole root system. Lift the plants out and allow the excess to drain back into the bucket and plant immediately.

How to use **rootgrow™ GEL** for container grown plants:

Sprinkle the granules into the bottom of the planting hole and plant ensuring the **rootgrow™** granules come into direct contact with the plant roots.

Application rates:

Bare-root Plant Size	ml/g Per Plant	Plants treated per 360g Pack
20/30 cm	3	125-150
40/60 cm	4	90-120
60/90 cm	5	70-100
90/120 cm	7	50-75
120/180 cm	9	40-60
180/210 cm	10	35-50
